Cougar by Keystone

At the heart of Cougars philosophy is the belief that if we listen to our customers, and execute accordingly, the crucial combination of quality, design, weight, luxury and price, is to offer an unparalleled product. A product that will provide the finest means for families, both young and old, to create memories year after year! From growing families, to full timers, Cougar vows to provide the top travel trailer and fifth wheel floor plans and features to suit each dynamic, and maximize their unique camping experience. Growing with Cougar from a mid-level travel trailer, to a 38 foot fifth wheel, is our forte! By avoiding fads and trends, we have been able to focus more on innovation, quality, style and affordability. These attributes are what our customers rely on, and appreciate, and are the hallmarks of America's #1 selling brand. Cougar is the choice of yesterday, today and tomorrow!

Cougar remains focused on the growing popularity of lightweight luxury vehicles, and the ease of tow ability. We have ongoing commitment to create a stress free journey for all who choose to explore with us. We make it our goal that our current customers choose us for each of their subsequent voyages. *Come grow with us and explore the country in a Cougar RV! Where you are always a step ahead, and luxury and lightweight meet!*

MOR/RYDE SUSPENSION

What does "Best-In-Class" mean for a suspension system?

It means that all suspensions are not created equal. Like all other products, there are unique product segments relative to price and quality demands.

CRE/3000 RUBBER EQUALIZER

FOR SUSPENSIONS, IT LOOKS LIKE THIS:
UPGRADED EQUALIZER = IMPROVED SUSPENSION TRAVEL OVER STOCK STANDARD, STOCK STEEL ROCKER ARM & LEAF SPRINGS

ZERO DEGREE TESTED

Cougar has been zero degree tested. The Polar Package Plus allows you to camp to zero degrees without worry of your tanks or water lines freezing up*.

We also add upgraded insulation to our slide-out floors to control the hot and cold exchange and unlike our competition we merge our skirt metal to the I-Beam for complete enclosure of your fifth wheel underbelly.

**Testing and certification achieved under a constant controlled environment.*

RAIN BAY TESTED.
ALL WEATHER APPROVED.

PATENTED COUGAR HITCH VISION

Hitch Vision moves the dial forward in what customers expect from an RV. There's no looking back!

Hitch Vision gives the fifth wheel user complete confidence to back up and align their truck to Cougar's extended hitch pin using only the built-in mirror for guidance. Automotive LED docking lights, which can be controlled by the E-Z Camp Cougar Remote, allow you to load or unload camping gear day or night. (Hitch Vision also comes in handy when using the E-Z Camp Cougar Remote to raise and lower landing gear.) Once you've used Hitch Vision, "there's no looking back" to the inconvenience of turning or straining to see your fifth wheel.

MAX TURN FRONT CAP

Combining focused design and unique product specifications, Max Turn Technology is the leader in optimum turn radius.

Unlike the competition, Cougar uses continuous contoured tubular steel for optimum strength and support behind the engineered tapered fiberglass front cap.

Also, Cougar is equipped with a heavy duty extended hitch. Combined – Max Turn Technology makes turning and maneuvering a breeze.

PURCHASING YOUR RV LOCALLY

It's up to you where you purchase your new Cougar, but may we suggest your local dealer? Not only does it help your local economy and provide jobs, but it will also give you an opportunity to develop a service relationship with someone that will come to know you and your coach. Congratulations on finding the best built, best equipped, best value in the industry, and happy travels!
