A PERFECT STORM OF LUXURY AND FUNCTIONALITY

**ALL IN ONE
EXT. UTILITY CENTER**

**LED LIGHTING
INTERNAL & EXTERNAL**

METAL WRAPPED WHEEL WELLS

POCKET DOORS TO BATHROOM

AND MANY MORE!

EXCLUSIVE! SUPERCHASSIS

101" Wide Body Chassis - A full 5" wider than many coaches in its class, the widebody chassis allows for more livable floor space with deeper sliderooms, wider sofas in rear lounge models, and space saving sliding pocket doors into the bathrooms...all at a shorter towing length.

Wide Rail Design - Heavy duty I-beam main rails are placed further outward on the chassis. This wider rail placement provides a more stable jack stance, and allows for the slideroom gearpacks to be enclosed inside the frame rails (rather than outside).

No Wheel Wells - A true toy hauler with no wheel wells to maximize cargo option. Not to mention more floor space for camping.

Dovetail Entry - Dovetails ensure you have a longer ramp and softer angle for loading your toys.

NOW WITH REINFORCED AXLE HANGERS!

EXTENDED SEASON PROTECTION PACKAGE

MAXIMUM HEATING POWER

A high performance furnace delivers 30,000 BTU's or more of heating power.†

MAXIMUM FUNCTION

Heated Holding Tanks and Enclosed Low Point Drains
Heated Utility Center & Storage Bay
Dual Attic Vents
Enclosed Gate Valves
Thermostatically Controlled 12V Tank Heaters

† (Model Specific)

Mo SECURE

You can now leave your campground with the peace of mind knowing that your side by side or ATV is securely fastened to your RV.

QUADSEAL

4 protective layers (mylar tape, 2-layers of PVC foam, and a final silicone cap seal) line the perimeter of the coach for ultimate protection from the elements.

RAISING THE BAR IN CUSTOMER SERVICE & WARRANTY

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

- **FLOOR DECKING** (25 Years)
- **AXLES** (5 Years)
- **TIRE WARRANTY** (5 Years w/12 Month no questions asked replacement for manufacturer defects)
- **EXTERIOR GRAPHICS** (5 Years)
- **CHASSIS** (3 Years)
- **ROOF COVERING** (Limited Lifetime)

M.A.V. CONSTRUCTED TO A SUPERIOR STANDARD

THERMAL ROOF DESIGN

R-40*

Fiberglass insulation and a layer of radiant foil insulation cover the entire layout of the roof. Grand Design goes further by extending both insulation layers the full length of the roof and around to the bottom of the front cap and pinbox area.

RESIDENTIAL INSULATED WALLS

R-9*

Exterior walls and sliderooms are framed with studs set 16" on center, residential fiberglass insulation is adhered in place between each stud.

DOUBLE INSULATED MAIN FLOOR

R-25*

The underbelly is lined with a radiant foil insulation barrier (Layer 1). The main floor enhances the R-Value with yet another layer of fiberglass insulation (Layer 2).

INSULATED FRONT WALL

R-40*

The residential fiberglass insulation layer from the roof, continues all the way around to the bottom of the front wall.

INSULATED BAGGAGE DOORS

Rigid foam insulation lines the inside of our heavy duty baggage doors.

ALUMINUM EXTERIOR

25% THICKER THAN THE COMPETITION

.030 WALLS | .040 FRONT CAP

The satin metal exterior skin is 25% thicker, for a more durable and better looking sidewall.

The Momentum has been third-party tested in extreme outdoor conditions. The heating and cooling system passed with flying colors – delivering comfortable and even room temperatures from cap to rear.

Note: Testing was performed in a temperature controlled chamber and does not account for variables such as wind, humidity, and altitude.

*Equivalent R-Value

30,000 BTU OF HEATING POWER

A high performance furnace deliver the heat.

EVENFLOW HEATING SYSTEM

Vertically mounted heat vents integrated into the cabinet bases, push hot air from front to back (rather than straight up). This also means that there are no heat vents in the middle of the floor to collect dirt and debris and break easily.

HEATED UNDERBELLY AND STORAGE BAY

To force heat into these compartments, dedicated heat ducts run to both the underbelly and storage bay. The enclosed utility center provides functional water systems even in extreme cold.

CONSTRUCTED TO A SUPERIOR STANDARD

Momentum G-Class Travel Trailers, G-Class Fifth Wheels, M-Class Fifth Wheels and Momentum Fifth Wheels

THERMAL ROOF DESIGN

R-40*

Fiberglass insulation and a layer of radiant foil insulation cover the entire layout of the roof. Grand Design goes further by extending both insulation layers the full length of the roof and around to the bottom of the front cap and pinbox area.

FULLY LAMINATED WALLS

R-11*

Sidewalls, ramp door, slideroom endwalls, and slideroom roof are all welded aluminum framed and laminated with rigid foam insulation. Most companies use wood framing and soft fiberglass insulation in the sliderooms that can settle over time and leave uninsulated air gaps. **G-Class Travel Trailer walls are R-7***

TRIPLE INSULATED MAIN FLOOR WITH FLUSH-FLOOR LINOLEUM SLIDES

R-40*

The underbelly is lined with a radiant foil insulation barrier (Layer 1) and is then covered with fiberglass insulation that wraps all the way up the sides of the frame rails (Layer 2). The main floor enhances the R-Value with yet another layer of foil (Layer 3). **Slideroom Floors are R-24***

EXCLUSIVE! TRIPLE INSULATED GARAGE FLOOR

R-40*

While many toy hauler garage floors are NOT insulated, our exclusive garage floor design provides 3 layers of insulation. A base layer of radiant foil insulation (Layer 1) is topped with fiberglass insulation (Layer 2), and finishes with a second layer of radiant foil insulation on the underside of the garage floor (Layer 3). *(FW only)*

INSULATED BAGGAGE DOORS

Rigid foam insulation lines the inside of our heavy duty baggage doors.

EXCLUSIVE! RAIL-TITE UNDERBELLY SEAL¹

FEATURED ON: **M-CLASS** **TH MODELS**

Rigid aluminum rails are fastened around the perimeter of the underbelly to keep the corrugated barrier up tight against the frame for a better seal from the elements.

The Momentum has been third-party tested in extreme outdoor conditions. The heating and cooling system passed with flying colors – delivering comfortable and even room temperatures from cap to rear.

Note: Testing was performed in a temperature controlled chamber and does not account for variables such as wind, humidity, and altitude.

**Equivalent R-Value 1. Featured on M-Class and TH models only.*

UP TO 40,000 BTU OF HEATING POWER

A high performance furnace (and a fireplace on fifth wheels) deliver the heat.

EVENFLOW HEATING SYSTEM

Vertically mounted heat vents integrated into the cabinet bases, push hot air from front to back (rather than straight up). This also means that there are no heat vents in the middle of the floor to collect dirt and debris and break easily.

HEATED UNDERBELLY AND STORAGE BAY

To force heat into these compartments, dedicated heat ducts run to both the underbelly and storage bay. The enclosed utility center with low point drains (FW only) provides functional water systems even in extreme cold.

MOMENTUM M-CLASS

"Deciding to embrace full-time RV living with our family of eight led us to the Grand Design Momentum 397TH, and it was a game-changer. One tour of this versatile toy hauler convinced us that it was the ideal fit for our living needs - unconventional yet comfortable and enough space for work and play. Three years into our journey, living and working in this Momentum, has proven to be the best decision for our family, exceeding our expectations in every way."

STANDARD FEATURES

M-Class builds on the solid feature-set of G-Class FWs and adds the below:

Introducing the ALL NEW SMART SINK

Travel in style without compromising on convenience.

Introducing the luxurious smart sink for RVs, blending opulence with innovation for the modern road adventurer.

Colander
Cutting Board
Soap Dispenser
Cup Rinser
Waterfall
3 Spray Modes

Zero-Gravity Ramp Door

Access your gear with the lift of a finger with this zero-gravity ramp door for your toy hauler or 5th wheel trailer.

No more hassle to lift a heavy, bulky door. The sleek design also gives your trailer a clean, sleek look with no hinges or extra hardware.

ENTRY STEPS WITH STRUT ASSIST

Easily Lift & Lower with One Finger

- Adjustable feet for stability on uneven terrain
- Eliminates bouncing in and out of your RV
- NEW! MORRYde Safe-T-Rail for more support

NEW & IMPROVED INCREASED BASEMENT STORAGE

ACCESS THE PASS-THROUGH COMPARTMENT FROM THE FRONT OF THE UNIT ABOVE THE GENERATOR DOOR.

¹ Based on average weight of the standard build. ¹ Hitch to rear

MOMENTUM

"After nearly 5 years of living and working full-time in our Momentum 397TH, we still LOVE it! We look forward to forging many new miles and making new memories in our new 410TH!"

399TH

WE STRIVE FOR NOTHING LESS THAN CUSTOMERS FOR LIFE!

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest RV manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started with a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers' RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

President / CEO / Co-Founder

QUALITY IS NOT AN OPTION, IT'S A HABIT!

Since day one dealers have reported their satisfaction levels confidentially regarding reliability and quality, parts, warranty and sales and rated us among the highest-rated RV manufacturers for EVERY one of our product lines, EVERY year.

LONG TERM VALUE

Everything we do at our company is designed to build long-term value in what we offer our customers, "More features and superior value for your dollar."

CUSTOMER CENTERED

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

STAYING CONNECTED

Magic happens when the CEO and Senior Management actively work with the production facilities to help build the team and develop products.

EXPERIENCED WORKFORCE

Our local workforce has been hand-picked and has an excellent reputation for second-to-none industry craftsmanship.

RAISING THE QUALITY BAR

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive "final finish" inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren't most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

SUPERIOR SERVICE

Anything built by humans that travels down the open road is subject to issues. It's how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

CLASS LEADING WARRANTY

We back every one of our coaches with a 3-year limited structural warranty.

REV 2.21.24
